

## **ALL LECTORS:**

**You are asked to project your voices when serving in this ministry. As per our Pastor, many of you are just reading; we can not hear and understand you; an, even with the microphone, you must speak out. Please read the Good News with fervor and passion; tell the story; pray the prayers clearly and distinctly; and, use the greeting to express our true feelings about all those who have gathered for worship instead of being gland and 'as usual'. Speak aloud and do not mumble.**

**Those leading Responsorial Psalms should announce it by themselves and, then, recite it with the people to lead them in the response to the first reading.**

**Please make these improvements to your ministry IMMEDIATELY. We appreciate your service and willingness to improve in your ministry. Thank you for your assistance.**
